## Set Up Examity in the Canvas Course

### Populate the course

In Canvas, populate the new section by [importing from a previous semester or a master course](#).

### Create your exams

If you haven't already, [create a quiz \(exam\) in Canvas](#). The [settings in the quiz](#) **must** include:

1. a time limit,
2. a password (access code); and
3. "Available From" and "Until" dates.

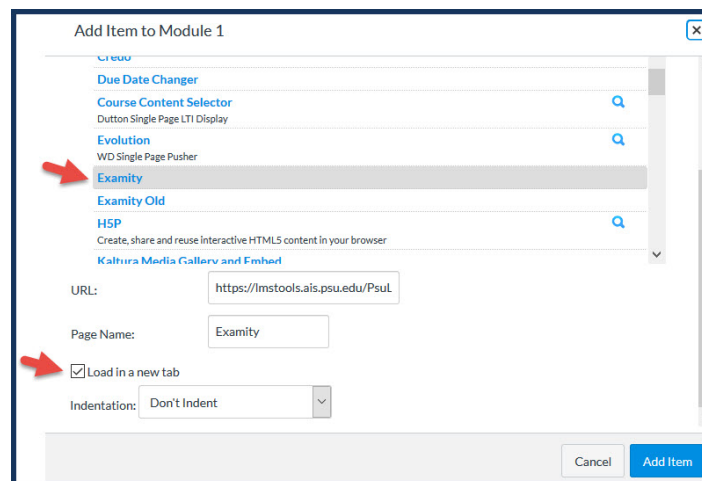

Verify that the exam in Canvas is [published](#) for students.

### Add Examity Link to the Canvas Course

[Add the Examity Dashboard link](#) to your Canvas course navigation menu by:

1. selecting **Settings** at the bottom of the course navigation menu
2. select the **Navigation** tab
3. locate the Examity link and enable it by dragging and dropping it to the top, or selecting the three dots beside the title and then clicking on **+Enable**.
4. scroll to the bottom to select **Save**.

You may additionally, or alternatively, choose to [add the Examity link to a Module](#) within the Canvas Course. When doing so, be sure to select the "Load in a new tab" box.

For assistance, call **855-EXAMITY**, email [support@examity.com](mailto:support@examity.com) or chat directly with us through the Live Chat feature on the Examity dashboard.

## Start the sync with Examity

1. Click on the **Examity** link in your course. Initially, you will be redirected to the Examity request form.
2. Complete and submit the Examity request form. You will be notified via your PSU email when it has been approved.
3. After your request has been approved, Examity will sync with the quizzes created in that Canvas course. The sync happens nightly.

After the sync has completed, selecting the Examity link in the course will give users access to the Examity Dashboard.

Exams must be [published](#) and synced with Examity before the “Available From” date in the Canvas quiz begins.

## Set Up Exams on the Examity Dashboard

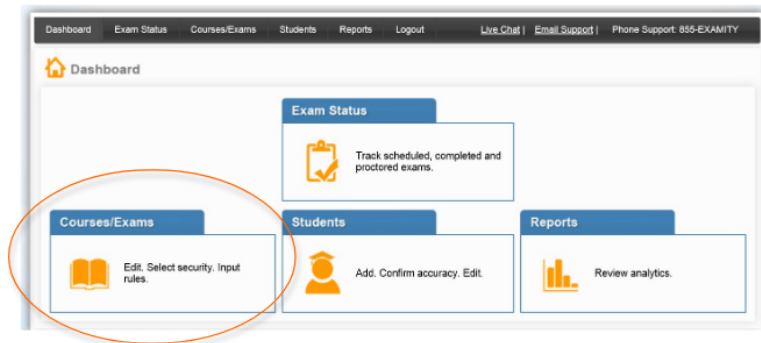

For each exam using Examity, instructors must create an Exam Shell, select the proctoring modality, and set the exam rules.

Select the Examity link in your course to access the Examity Dashboard. Your Examity dashboard is divided into 4 sections:

- **Courses/Exams:** access and edit your exam shell, select your proctoring modality, and tailor the rules to meet your needs.
- **Student:** search student enrollment records or add accommodations.
- **Exam Status:** track your students’ scheduled, completed, and proctored exams. This will also give you access to the video recordings of all proctored tests as well as time-stamped flags and comments.
- **Reports:** view analytics associated with your exams.

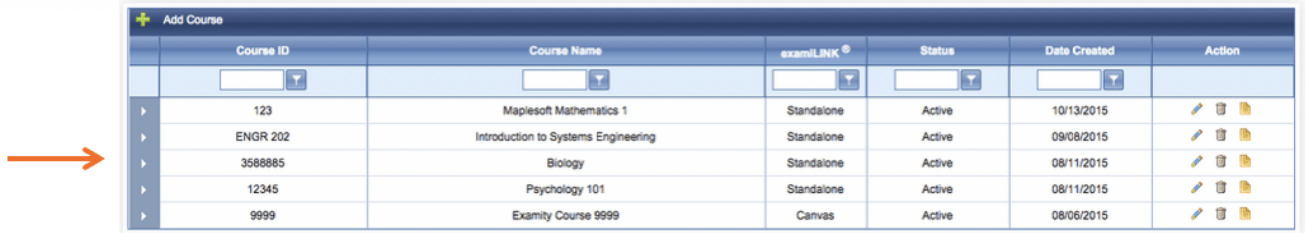

## Accessing/Editing Examity Exam Shell, Selecting Proctoring Modality, and Customizing Exam Rules

1. Select **Courses/Exams** on your dashboard.

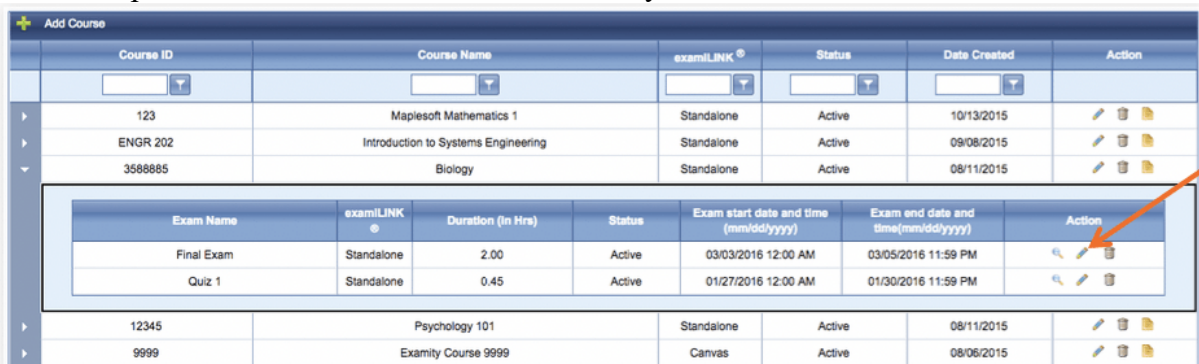

For assistance, call **855-EXAMITY**, email [support@examity.com](mailto:support@examity.com) or chat directly with us through the Live Chat feature on the Examity dashboard.

- You will see a list of all of your courses (past, present, and future) that have been synced with Examity.
- Select the white arrow, to the left of the Course ID # associated with your course, to access the exam shells in that course.

## Clone Special Instructions and Additional Rules

You can clone additional rules and special instructions from previous exams in your course:

1. Open the exam shell in which you would like to add special instructions or additional rules. Once the shell is open, scroll down to **Additional Rules**.
2. In the “Would you like to re-use additional rules and special instructions from a past exam?” menu, select **Yes**. Then select the exam from which you would like to copy the additional rules and special instructions.
3. The rules and special instructions from the selected course will be applied. You can make additional changes to these options by selecting or deselecting the boxes. If changes are made in the Special Instructions box, be sure to select **Save** before selecting Update at the bottom.
4. Click **Update** at the bottom.

No talking  
Webcam, speakers, and microphone must remain on throughout the test.  
The proctor must be able to see you for the duration of the test.

Would you like to re-use additional rules and special instructions from a past exam?:  Yes Exam 5

## Track Exam Status

Check the status of scheduled, completed, and proctored exams by selecting **Exam Status** on the Examity dashboard. You can see which students have completed their exams and whether or not they had any flagged violations.

By selecting a blue **View** link, you can see a list of flagged items and watch the video of that student taking their exam. If the **View** link is not clickable, that means the exam has not yet been audited. All exams will be audited within 48 hours of the student completing the exam.

The screenshot shows the 'Exam Status' page with a legend for violation status and a table of exam records. The legend indicates: Blue triangle for Alert, Yellow triangle for Possible Violation, Green flag for No Violation, and Red flag for Violation. The table has columns for ID, Student First Name, Student Last Name, Course Name, Exam Name, Schedule Time, FairExam Level, Status, and violation counts for Blue, Green, Yellow, and Red. A 'View' link is present in the last column of each row.

- **Green flags:** There is no incident.
- **Yellow flags:** A rule is broken but cheating does not take place.
- **Red flags:** The student exhibits clear cheating behavior.
- If a technical issues arises, we will communicate that to you with a blue alert.

## On Demand Fees

There are on-demand charges within the Examity fee structure that can result in a \$3.00 charge to the student: If a student cancels a scheduled exam within 24 hours of the exam date and time and if a student schedules or reschedules an exam within 24 hours of the exam date and time.

## **Communicating with Your Students:**

Our “**Instructor Toolkit**” will provide you with templates explaining how your students can prepare themselves to use the system. Simply copy and paste the text into an email or within a Canvas Announcement. The toolkit is in Word and customizable to fit your needs.

## **Scheduling Outside the Testing Window:**

To schedule an exam outside the test window, send an email request to [support@examity.com](mailto:support@examity.com). Copy the student and your Account Manager, Nina O’Brien ([nobrien@examity.com](mailto:nobrien@examity.com)). Include the following information in your email:

- Subject Line: Penn State - Permission Granted - To Schedule Outside Testing Window
- Course Name
- Exam Name
- Student First/Last Name
- New Deadline
- At the end of the email, ask the student to call **855-392-6489, option 1** for assistance. Please ask them to reference the email when they call.

## **About Proctoring Levels for Online Proctoring**

### About Proctoring Levels for Online Test Security

Eximity provides you with the flexibility to choose which security level makes most sense with our Proctoring Levels for Online Test Security.

#### **Level LA: Live Authentication**

Live Authentication is best suited for tests that matter more. Level LA ensures an agreed-to understanding of exam rules and “clean” test environment. Challenge questions, ID verifications, facial comparisons, keystroke analysis and full recordings help make this level our most reliable authentication.

#### **Level 1: Auto-Proctoring**

Eximity’s fully automated proctoring solution. After auto-authentication is complete, Eximity captures audio, motion, and systemic changes to identify inappropriate behaviors.

#### **Level 2: Record and Review Proctoring**

After live-authentication, each test is recorded from start to finish and is later viewed by a human, in its entirety, to ensure that no rules have been violated.

#### **Level 3: Live Proctoring**

After completing the live-authentication process, Eximity monitors the test-taker’s surroundings and entire desktop throughout the exam. This is considered the most secure approach within the online proctoring industry. An advantage to this level is that Eximity may comment and troubleshoot in real-time during the test.
